

2022 Flood Damage Inventory

The Lake of the Woods Soil and Water Conservation District and County Land and Water Planning Office are trying to capture flood damages which have occurred as a result of high waters in the Rainy River Basin, including Lake of the Woods. If you have damages to property, conservation practices, fields and ditches, please fill out the information below. We will use this information to seek federal and state financial assistance to help with repairs and cleanup.

Please return to: LOW SWCD, PO Box 217, Baudette, MN 56623 or email corrbyn.trask@mn.nacdnet.net or drop off at the USDA/SWCD Conservation Office located next to the Post Office Building.
